

REMARKS

This Supplemental Amendment is submitted following a telephone conversation with Mr. Vincent Trans of Art Unit 2100 on September 24, 2008.

Mr. Trans pointed out that in previously amended claims 1 and 8, the word "unmodified" which was sought to be deleted appeared in two places in each of the claims, but that it was only indicated to be deleted in one place in each claim, and requested a supplemental amendment to correct the defect. Mr. Trans also indicated that a Supplemental Declaration signed by the Inventor would be required.

Claims 1 and 8, as now amended, delete the word "unmodified" in both places where it appeared in each claim, which should correct the defect.

Accompanying this amendment is a Supplemental Declaration by the Inventor (Form PTO/SB/51S), which has been executed by the Inventor, Alan Perkins and should now satisfy the Oath/Declaration requirement.

Accordingly, in view of the foregoing explanations and remarks, it is respectfully requested that this amendment and accompanying documents be entered, and that claims 1-14 be allowed and that this application be passed to issue.

A telephone call to the undersigned is requested, should there be any further actions required.

Respectfully submitted,
